Custom-Crafted, Lifestyle-Inspired Homes

Needs, Wants and Wishes List

Building a new home with Hibbs Homes is an incredible experience and at times, an overwhelming one. Prior to our initial consultation we have discovered it is very helpful for our guests to define just how they would like to live in their new home. This document will be used as a guide to first define your priorities and finally design your custom-crafted Hibbs home.

Needs - *These are the features that are “must haves” in your new home.*

Wants - *These are the features that would be nice to have but not at the top of your list.*

Wishes - *These features may be a dream but you would like to see how they affect the cost of your new home.*
